

SPRAYPOINT™

PREMIUM ADJUVANT

COC

YOUR ALL-IN-ONE
APPROVED TANK
MIX PARTNER

• *Enlist™ Approved Adjuvant**

SprayPoint™ COC is a crop oil concentrate blend with paraffinic oil and premium quality surfactant by NexStar™ Crop performance

PRODUCT BENEFITS

- Improves spray solution coverage and penetration
- Increases spray solution dwell time on leaf surfaces
- Increases the activity of herbicides and enhances performance
- Compatible with UAN and AMS, even in cold water

PRODUCT AVAILABILITY

- 2 x 2.5 gallon case
- 250 gallon tote

Weight: 7.2 lb/gal

Specific Gravity: 0.86

ACTIVE INGREDIENTS

| | |
|-----------------------------------|------|
| Paraffin Base Petroleum Oil | 83% |
| Alcohol Ethoxylates | 17% |
| TOTAL | 100% |

All ingredients are approved for use under 40 CFR 180

DIRECTIONS FOR USE

The addition of adjuvants to some pesticides and/or fertilizers and their tank mixes may cause phytotoxicity to the foliage and/or fruit of desirable crops. Before using SprayPoint™ COC, the applicator or crops advisor must have experience with the pesticide combination, including SprayPoint™ COC, or must have conducted a phytotoxicity test. Do not use this product in a manner inconsistent with labeling.

SprayPoint™ COC increases the activity of many pesticides; therefore, care must be taken when treating sensitive crops during periods of drought stress, high temperatures or high humidity.

RECOMMENDED USE RATE

Ground: Apply 1 to 2¹ pints per acre.

Aerial: Apply at 1–2%² v/v in 1–5 gallons of water per acre.

¹Use the higher rate when weeds are under environmental stress, at the maximum labeled size for control or apply 1.0% v/v (1 gallon of SprayPoint™ COC per 100 gallons of spray solution) per pesticide label recommendations. ²Use higher concentrations for lower water volumes.
